Our Wesley Mission people are hosting a **Christmas in July** party to raise funds. The cost will be around \$20 a meal. They are hoping we will support them. More details soon.

NAIDOC Week celebrations will be held from **4-11 July 2021**

The Theme is **"Heal country"**

Please join us Mondays at midday as we pray the Moderator's weekly Prayer

Generous God, as we prepare for the day ahead to unfold before us, we ask for the courage to enlarge our hearts to those around us. We confess that opening our hearts wider can be confronting because it places us in a vulnerable position, and that makes us fearful.

Learn to think 'Right' *"The thoughts of the righteous are right" Prov 12:5*

Your mind can work for you or against you. When it works for you it helps you to stay positive, reach your goals, and enjoy each day. But when it works against you, it can make you negative and discouraged, hold you back, and cause you to think thoughts that result in self-sabotage. So teach your mind to work for you instead of against you. An important way to do this is to make an intentional decision that you'll begin to think positively -in terms of faith and not fear. Now, your brain won't be able to fulfil this new role over night. You may be asking it to undergo a radical transformation, and that takes time. But determine that with your diligence and God's help, instead of working against you, your brain will go to work for you and become a positive force in your life.

Dr Caroling Leaf, a cognitive therapist, points out that the brain takes decades to grow, and a lifetime to mature. Don't miss this point! While every organ in your body was fully formed when you were born and got bigger as your body grew, your brain actually takes a full twenty-five years to grow. And once it's fully formed, it continues to mature until the day you die. That means that no matter how old you are, your brain is still growing. This is great news, because it means no matter how old you are, your brain is still growing. It means you don't have to stay stuck in old or wrong thought patterns. Your brain is still maturing, which means you can still improve in your thinking. As the Bible says, *The thoughts of the righteous are right.*"

- for equipment and medications to reach those countries with major Covid outbreaks
- for comfort for those who are grieving
- for restoration work of the church roof to happen seamlessly
- for healing for Jeffrey's foot (Trish's son) after treading on a puffer fish

our prayers

- for healing for Jess's granddaughter, Jodie, and shrinking of her tumour.
- for healing and relief of pain for Allan's broken arm
- for continued improvement for congregation members' health
- for Barb, and her mobility
- for the successful operation on Meryl's arm and her healing
- for Laurie's pain to be brought under control
- for understanding of the issues facing us as a church
- for a global solution to Covid -19
